EXPERIENCE

Chili's Grill & Bar

Quality Assurance (Backfill: Food Runner & Line Cook)

Wilmington, NC

August 2026 – Present

- Inspect plate presentation, portioning, and recipe accuracy before dishes leave the kitchen, coordinating with kitchen and server staff to protect ticket times and consistency.
- Cross-trained to backfill food running and line cook stations during peak hours, keeping service speed and quality steady across roles.

Chili's Grill & Bar

Quality Assurance

Jacksonville, NC

January 2026 – August 2026

- Reviewed every dish against recipe and food-safety standards prior to service, reducing remakes and supporting consistent guest satisfaction.
- Transferred to the Wilmington location for school with a strong management recommendation, recognized as one of the most reliable hires in the QA role.

Cracked It Escape Games

Game Master

Midway Park, NC

May 2021 – January 2026

- Guided guests through live, immersive escape-room experiences, monitoring progress in real time and pacing hints to balance challenge and enjoyment.
- Handled customer service, bookings, and upsells in a fast-paced entertainment setting over a nearly five-year tenure.

PROJECTS

BoozyDB | Python, Flask, Pydantic, SQLite/JSON, Typer, Rich

- Built a full-stack cocktail recipe catalog with a responsive Flask web app and a companion CLI, backed by Pydantic-validated recipe storage and a Rich-rendered terminal interface.

Unit Converter | JavaScript, HTML, CSS

- Built a dependency-free, reversible unit converter spanning 10 measurement categories (temperature, length, mass, volume, and more) with live bidirectional conversion, hosted at nataani.dev/unit-converter.

Personal Website – nataani.dev | TypeScript, Tailwind CSS, Vite

- Designed and built a responsive personal site to host project work and background, including an embedded, importable version of this resume.
